

# Mayo Hand Club International Meeting

## August 23-25, 2018

### Lyon, France

Hosted by

**Guillaume Herzberg**, Member, Mayo Hand Club, Local Host

**Marco Rizzo**, President, Mayo Hand Club

**Mayo Hand Club (MHC) International Meeting**  
**August 23-25<sup>th</sup>, 2018, Lyon, France**

Dear Friends and Colleagues,

After Barcelona Spain 2006, Saint Tropez France 2009, Geiranger Norway 2014, it is a great honor and privilege for us to welcome the 2018 Mayo Hand Club International Meeting to **LYON, FRANCE**.

There are at least three good reasons for any MIHC Members to attend the 2018 meeting, alone or with their families.

First, the city of Lyon has a long history since it was founded in 43 BC. Lyon has a unique architecture that was initially built within and around the “Y” junction of two rivers, the Rhône and the Saône. The ancient fortifications of the town including the Hill of Fourvière and a large part of the Peninsula (500 hectares) were registered in 1998 on Unesco’s list of World Heritage Sites.

Second, Lyon’s nickname is “World and French Capital of Gastronomy”. Of course there are many places in the world where the food is great but Lyon City has one of the highest concentrations of high quality restaurants per capita. Lyon is an ideal place to discover French cuisine and wines.

Third, Lyon is the town where Etienne Destot, began in 1896 a massive investigation of patient’s wrists bones and joints using early X-rays devices that were available as early as 1 months after Rontgen’s discovery in December 1895. This huge work resulted in a large amount of information that was published in the French and English literature as well as in the 2-volumes Mayo book entitled “The Wrist” edited by WP Cooney III, the late RL Linscheid and the late JH Dobyns. Destot’s contribution to wrist surgery will be remembered in a specific presentation.

Lyon is about one-hour flight from most major European hubs (Amsterdam, London, Frankfurt, Munich, Paris ...) and the Annual October Lyon Wrist Meeting organizers will take care of your individual transportation from and to the airport as well as practical issues of your stay.

Our Headquarter Hotel (Four-stars Crowne Plaza Hotel) will be located just across a pedestrian street from the Parc de la tête d’Or, the largest urban park in France (created in 1857 by the brothers Buhler in the same year as New York Central Park) which contains attractions for families including a zoo, boating lake, botanical gardens, miniature railway, pony rides and running lanes. Our group got very interesting hotel rooms rates, including breakfast. Please visit [Mayo Clinic Hand Club](#) to make early reservations directly through the hotel website.

We plan to combine a high level scientific meeting with good traditional French cuisine dinners (included in the registration fee) and several cultural and/or leisure activities (additional fees to be defined). Please have a look at early registration fees.

We look forward to welcoming you to Lyon in August!

Best regards.
